

Daihatsu to Revise Prices for Mini Commercial Vehicle Hijet Series and Atrai

Daihatsu Motor Co., Ltd. (hereafter, "Daihatsu") has announced that it will revise the manufacturer's suggested retail prices for the Hijet Cargo, Hijet Truck, and Atrai mini commercial vehicles, along with the special-purpose vehicle series from July 2023 production as shown in the table below.

Daihatsu has been working to reduce various costs amid the recent surge in raw material prices and transportation and distribution costs. However, as it is difficult to absorb the cost increase with this alone, Daihatsu has determined that it will be difficult to sustainably provide customers with the valuable products that Daihatsu is aiming for and has made the decision to revise its prices from July 2023 production. Daihatsu will continue to create cars tailored to the lifestyles of its customers, focusing on the details even at the level of 1 mm, 1 g, 1 yen, and 1 second.

*** Manufacturer's Recommended Retail Prices (including consumption tax) ***

Prices are recommended retail prices and are intended for reference purposes only. Prices are independently set by sales companies; for further details, please visit your nearest sales company. Insurance, taxes (excluding consumption tax), automobile recycling fees and fees associated with registration, etc. charged separately.
