Daihatsu Unveils a Sporty Accessory Package for the Boon Compact Car

Black Stripe Package

Red Stripe Package

Daihatsu Motor Co., Ltd. ("Daihatsu") has equipped the Boon CILQ—the higher-grade model of its Boon compact car—with the SPORZA Limited Package, which incorporates accessories to provide the exterior of the vehicle with a sporty appearance. The package will go on sale nationwide on Tuesday, October 3, 2017.

Fully redesigned in April 2016, Boon is a compact car developed using knowhow Daihatsu has cultivated through its mini vehicles. The Boon CILQ is the higher-grade model of the Boon. At the Tokyo Auto Salon in January 2017, Daihatsu exhibited its SPORZA concept cars, which were based on models such as the Boon, incorporating elements from previous Daihatsu hot hatches such as the Charade DeTomaso and TR-XX. These concept cars were extremely well received.

The SPORZA Limited Package is a package of 13 exterior parts, aero parts, stripe stickers and other accessories which give the vehicle a sporty appearance. This original Daihatsu product is available in two variants: the Black Stripe Package and the Red Stripe Package.

*Open pricing
*The images show models based on the Boon CILQ (2WD). The 14-inch aluminum wheels and LED fog lamps are available as manufacturer options.
