## Daihatsu to Launch a Series of “Limited” Grades for Six of its Mini Passenger Vehicles Equipped with Panorama Monitor and other features as standard at extremely attractive price points

Tanto Custom RS  
“Top Edition Limited SAIII”

Move Custom RS  
“Hyper Limited SAIII”

Mira e:S G  
“Limited SAIII”

Cast ACTIVA G  
“Limited SAIII”

Wake G Turbo  
“Limited SAIII”

Move Canbus G  
“Make-up Limited SAIII”

Daihatsu Motor Co., Ltd. (hereinafter “Daihatsu”) will release a series of “Limited” grades for six of its mini passenger vehicles at extremely attractive price points: the Tanto, Move, Mira e:S, Cast, Wake, and Move Canbus. The Tanto, Move, and Mira e:S will be launched nationwide today, while the Cast, Wake, and Move Canbus are scheduled for launch on September 3.

Based on its “Light you up” approach, via which it seeks to illuminate each and every one of its customers and provide them with an easy mobility life, Daihatsu has provided optimal cars to each of its customers through a diverse line-up of mini passenger vehicles that cater to a wide range of needs.

Daihatsu has established a series of “Limited” grades for six of its mini passenger vehicles at extremely attractive price points and, in so doing, has further expanded the range of choices for its customers. This series of Limited grade cars is equipped as standard with a range of features including Panorama Monitor<sup>\*1</sup>, which uses four cameras to capture images of the front, rear, left and right sides of the vehicle, and project a top-down view of the vehicle onto the navigation screen. Accordingly, this extremely attractively priced series of vehicles provides customers with safety and peace of mind.

A new Move Canbus grade has also been released. Equipped with D Assist—which enables drivers to switch to Power Mode at a single press of a steering wheel button—and featuring a black interior pack as standard, this new grade has been designed to satisfy an even wider range of customers.

Going forwards, in order to cater to as wide a range of needs as possible, Daihatsu will continue to provide choice for its customers via a diverse line-up of vehicles.

\*1: Equipped as standard as the Panorama Monitor Camera or Genuine Panorama Monitor Navigation Upgrade Pack (for further details, please see the following pages). All models also require the dealer’s option Panorama Monitor Navigation to be installed.

**Details of the series of Limited grades**

## Special edition models

## &lt;Tanto&gt; (August 20 launch)

Grade name	L“Limited SAⅢ”
Base grade	L“SAⅢ”
Special features	<ul style="list-style-type: none"> <li>• Genuine Navigation Equipment Upgrade Pack</li> </ul>

## Partially upgraded models

## &lt;Move Canbus&gt; (September 3 scheduled launch)

- The Move Canbus grade system has been updated, with all grades now equipped with the Smart Assist III collision avoidance system as standard
- The G “Make-up SAⅢ” and X “Limited Make-up SAⅢ” grades are now equipped with the Panorama Monitor Genuine Navigation Equipment Upgrade Pack as standard, while their grade names have been changed to G “Make-up Limited SAⅢ” and X “Make-up Limited SAⅢ”
- Two new grades based on the G “Make-up Limited SAⅢ” and X “Make-up Limited SAⅢ” grades have also been added to the line-up: the G “Black Interior Limited SAⅢ” and X “Black Interior Limited SAⅢ” grades come as standard with the D Assist power mode steering wheel switch—which has been well received by a wide range of customers, including male users—and a black interior pack
- The X “SAⅢ” grade now features left and right-side power sliding doors with one-touch open and reservation lock functions, as well as left and right-side sliding door easy closers
- WLTC mode<sup>\*2</sup> fuel efficiency values for the Move Canbus have now been published—please see page five for further details

\*2: WLTC stands for Worldwide-harmonized Light vehicles Test Cycle. It is an international fuel efficiency standard that is established using average proportional usage times for urban, suburban, and highway driving.
