

Daihatsu Adds the Special Edition VS Series to Move Canbus Mini Passenger Vehicle

G “Makeup VS SA III”

G “Black Accent VS SA III”

Daihatsu Motor Co., Ltd. (hereinafter “Daihatsu”) has added the special edition “VS Series” to the lineup of its Move Canbus mini passenger vehicle, and will launch the vehicles nationwide on December 14.

Launched in September 2016, the Move Canbus mini passenger vehicle was planned and developed primarily for women who enjoy their lifestyles. With its unique design, two-tone color schemes, and its highly convenient packaging and sliding doors, the Move Canbus has been well received by customers.

This time, four special edition “VS Series” vehicles—equipped with the Warm Pack and other features as standard—have been added based on the G “Makeup Limited SA III” and G “Black Interior Limited SA III” which were well received for the accent colors used in their interiors and exteriors.

In addition, G “Black Interior VS SA III” and G “Black Accent VS SA III” have adopted leather shift knobs to heighten their sense of quality while keeping to an affordable price.

Based on its “Light you up” approach, going forwards Daihatsu will continue to provide optimal mobility to every one of its customers, and cater to their needs via its extended range of mini and compact vehicles.
