Recall Notification

Today, Daihatsu Motor Co., Ltd. (Daihatsu) notified the Ministry of Land, Infrastructure, Transport and Tourism (MLIT) of a recall of the Gran Max, the TOWN ACE sold by Toyota Motor Corporation (Toyota), and the BONGO sold by Mazda Motor Corporation (Mazda).

Previously, Daihatsu had determined that a recall was necessary after a technical verification including confirmation testing of standard conformity by MLIT revealed that the vehicles did not comply with standards. As it will take time to prepare the corrective parts, customers will be notified once they have been prepared for replacement.

1. Vehicles Subject to Recall

Company Name	Model Code	Vehicle Name	Chassis Numbers Containing Vehicles Subject to Recall	Production Period	Number of Vehicles Subject to Recall	Notes
Daihatsu	5BF-S403P	Gran Max	S403P-0000101～ S403P-0000434	September 11, 2020–December 19, 2023	322	Truck type
	5BF-S413P		S413P-0000101～ S413P-0000342	September 21, 2020–December 19, 2023	237	
Toyota	5BF-S403U	Town Ace	S403U-0000101～ S403U-0012974	September 7, 2020–December 12, 2023	12,706	
	5BF-S413U		S413U-0000101～ S413U-0005742	September 7, 2020–December 12, 2023	5,576	
Mazda	5BF-S403F	Bongo	S403F-7000101～ S403F-7002806	September 11, 2020–December 12, 2023	2,689	
	5BF-S413F		S413F-7000101～ S413F-7001192	September 24, 2020–December 12, 2023	1,086	

Notes:

- 1) The range of chassis numbers containing vehicles subject to the recall also includes vehicles that are not subject to the recall. Please contact your local Toyota dealer or Mazda dealer for details.
- 2) The production period of vehicles subject to the recall is different from the date of vehicle purchase.

2. Status of Defect

Due to insufficient testing of the battery fixture during development, there is a risk that the battery could move excessively, come loose, and fail to hold the battery in place in the event of a rear-end collision.

3. Improvement Details

The battery fixtures on all vehicles will be replaced with corrective parts and battery stoppers will be added.
