

## Daihatsu Partially Upgrades Mira e:S Mini Passenger Vehicle

Daihatsu Motor Co., Ltd. (hereinafter “Daihatsu”) has partially upgraded its Mira e:S mini passenger vehicle. The updated model goes on sale nationwide on October 1.

In accordance with this partial upgrade, manufacturer's recommended retail prices will be revised in light of the soaring prices of raw materials and related costs such as energy and logistics. Daihatsu will also make similar changes to other models that will undergo partial upgrades in the future.

### <Main upgrades>

- Addition of rear corner sensors to improve visibility around the rear of the vehicle when backing up
- Changes to the grade system, such as the integration of Smart Assist as standard equipment on all models

### <Manufacturer’s Recommended Retail Prices (including consumption tax)>

(Prices are recommended retail prices and are intended for reference purposes only. Prices are independently set by sales companies; for further details, please visit your nearest sales company. Insurance, taxes (excluding consumption tax), automobile recycling fees and fees associated with registration, etc. charged separately.)
