Affordable Special Edition Vehicle “Limited” Series Available for Tanto, Tanto Custom, and Tanto Fan Cross

Tanto X
“Limited”

Tanto Custom RS
“Limited”

Tanto Fan Cross
“Limited”

Daihatsu Motor Co., Ltd. (hereinafter “Daihatsu”) will launch the affordable “Limited” series, featuring the mini passenger vehicles Tanto, Tanto Custom, and Tanto Fan Cross, nationwide on July 1.

Since its launch in 2003, Tanto has pioneered a new genre of extra-space vehicles^{*1}. The second-generation model, launched in December 2007, was the first mini vehicle^{*2} to adopt the Miracle Open Door and has been well received by a wide range of customers from those with children to senior citizens. The fourth generation of Tanto, launched in July 2019, is the first model that adopted Daihatsu New Global Architecture (DNGA), and has continued to evolve to be appealing to more customers, such as by introducing the Tanto Fun Cross in 2022 to meet outdoor needs.

“Limited” series of special edition vehicles are equipped with manufacturer’s options as the standard, which are incredibly popular among customers. Power Sliding Doors are equipped as the standard on both the left and right side of the Tanto X, while the Smart Cruise Pack is equipped as the standard in the Tanto Custom and Tanto Fun Cross, all at an affordable price.

In addition, an affordable “Limited” Exclusive Plan (dealer’s option) that includes exterior decorations that further accentuate the individuality of each vehicle and a convenient under-seat tray.

Daihatsu will continue to work on both MONODUKURI and KOTODUKURI to realize a mobility society that enriches the lives of customers.

^{*1} Mini passenger vehicles with an overall height of 1,700 mm or more; according to research conducted by Daihatsu

^{*2} As of the launch of the second-generation model in December 2007; according to research conducted by Daihatsu
