

## **[Notice] Exhibiting at the「Automotive Engineering Exposition2026」 (YOKOHAMA・NAGOYA)**

Daihatsu Motor Co., Ltd. (hereinafter “Daihatsu”) will exhibit at the Automotive Engineering Exposition 2026 (Yokohama: May 27–29, 2026; Nagoya: June 17–19).

At the Daihatsu booth, in line with the event theme “The Future of Cars and Mobility Created Through Integration with New Technologies — Automotive Technology Innovated Through DX and Co-Creation —,” we will showcase the following products and technologies, including electric vehicles such as battery electric vehicles (BEVs) and hybrid vehicles (HEVs) that contribute to the realization of a carbon-neutral society, as well as a scale model and panel display of a DC based microgrid system utilizing these technologies.

- walking-area mobility device “e-SNEAKER”
- mini commercial BEV vans “e-Atrai”
- A cutaway model of the “e-SMART HYBRID” unit for mini vehicles\* (Japan Mobility Show 2025 showcase model)

\* Displayed only at the Yokohama venue. Due to circumstances, only informational panels will be displayed at the Nagoya venue. (As of May 25, 2026)

- A scale model and panel display of a DC based microgrid system (under demonstration testing since 2025)

Looking ahead, Daihatsu will continue to remain close to its customers and advance its initiatives through both “monozukuri” (manufacturing) and “kotozukuri” (value creation), with the aim of realizing a sustainable mobility society in collaboration with the energy sector and social infrastructure.

### ■Event Overview

#### <YOKOHAMA>

Exhibition Name : Automotive Engineering Exposition2026 YOKOHAMA

Dates : May 27–29, 2026, 10:00–17:00

Venue : PACIFICO Yokohama, Exhibition Hall

\* The Daihatsu booth will be located in the North Hall (Booth No. N60).

Organize : Society of Automotive Engineers of Japan

URL : <https://aee.expo-info.jsae.or.jp/en/yokohama/>

#### <NAGOYA>

Exhibition Name : Automotive Engineering Exposition2026 NAGOYA

Dates : June 17–19, 2026

Venue : Aichi Sky Expo (Aichi International Exhibition Center)

\* The Daihatsu booth will be located in Exhibition Halls D, E, and F (Booth No. 10).

Organizer : Society of Automotive Engineers of Japan
