DAIHATSU MOTOR CO., LTD.

[Notice] Issuance of DAIHATSU Sustainability Report

DAIHATSU MOTOR CO., LTD. (hereinafter referred to as "DAIHATSU") has published the "DAIHATSU Sustainability Report 2026" to introduce its thoughts and activities regarding ESG (Environmental, Social, and Governance) to our stakeholders. The 2026 edition includes new content featuring the thoughts and initiatives of employees involved in the development, production, and sales of the mini commercial BEV vans, the e-Hijet Cargo and e-Atrai, launched in February 2026, as well as those engaged in DX promotion, safety and health, and human resource development. In addition, the report has been enhanced through updates such as a refreshed Top Message.

Under the corporate philosophy of "Staying close to our customers and enriching their lives," DAIHATSU will continue to provide affordable and high-quality small vehicles that are useful for our customers' lives. At the same time, we will promote initiatives to address social issues such as respect for human rights and environmental conservation. By contributing to a sustainable society, we aim to be a company that is chosen by our customers, business partners, and society.
